INCENTIVE PLANS

Piedmont's Incentive Plans financially reward employees for working together to achieve better Quality, Safety, Service; Talent; and Stewardship (financial) results. All full-time, part-time and PRN employees are eligible to participate in the Piedmont Incentive Plans. Employees at *Piedmont Career Pathways* levels 1-7 participate in the Staff Incentive Plan (SIP); those with at least one (1) month of active employment during the performance quarter and who are employed by Piedmont on the actual award payout date are eligible to receive SIP awards. Full-time, part-time and PRN employees at *Piedmont Career Pathways* levels 8 and above participate in the Management Incentive Plan (MIP); those with at least three (3) months of active employment during the fiscal year and who are employed by Piedmont on the actual award payout date are eligible to receive an MIP award.

RETIREMENT PLAN

401(K) TomorrowPlan

Piedmont's market leading retirement plan is funded through pre-tax, Roth and after-tax employee contributions through bi-weekly payroll deductions to the *401(k) TomorrowPlan* (contributions are 100% vested) and Piedmont matching contributions. *Piedmont's matches employee pre-tax and Roth contributions up to 6*% (after-tax contributions are not match-eligible). Piedmont also offers a match "true-up" that ensures employees receive the full Piedmont match they're eligible for, based on earnings and contributions made after meeting match-eligibility. New hires are automatically enrolled at a 3% pre-tax contribution rate – and can increase or decrease that amount, or opt out of the plan at any time. Employees are eligible to receive Piedmont matching contributions after one year of employment and 1,000 hours worked. For 2022, you can make up to \$20,500 in combined pre-tax and Roth contributions to your 401(k) *TomorrowPlan*. If you are age 50 or over at any point in 2022, you can make up to \$6,500 in additional catch-up contributions (to total \$27,000).

In addition to the contributions listed above, there are two savings features that target those who have met the annual IRS contribution limit (\$20,500 or \$27,000 if over age 50 for 2022). Employees can contribute an additional \$22,200 as a voluntary after-tax contribution and then elect in-plan Roth conversions. This allows for a maximum contribution of \$42,700 (or \$49,200 with catch-up contributions) if all contribution features are fully used. These features combined will allow you to increase Roth savings, and thereby, avoid taxes on future earnings.
